

# THE INFORMER

\* \* \* \* \* MARCH 3, 1980 \* \* \* \* \*

It's raining, it's pouring, it's 8:00 on a Friday morning and I'm trying to sound cheerful and chipper. YECHHH!!!

\* \* \* \* \* VOLUME II No. 8 \* \* \* \* \*

WE ARE SOLICITING ~~because we don't get paid enough~~ your news, information about events, rumours, gripes, classified ads, announcements, etc. etc. etc. Mail or call local 326.

----- NEWS \* NEWS \* NEWS \* NEWS -----

Okay, we're sure that everybody has heard this already, but it's such good news that it bears repeating. The district is erecting hitchhiking signs on Lillooet Road. No more excuses, you drivers, about disliking to stop for hitchhikers because they could be going anywhere in the Lower Mainland -- now just check the three signs that will read "Upper Levels", "2nd Narrows" and "Main Street/Keith Road/Deep Cove." This is similar to the SFU system which is just excellent for hitchhiker and hitchhikee alike. Of course, since we never stoop to puns and so on we won't add "thumbs up" to the district...

Do you know any Business Management grads from Capilano College? If so, asks the department, do they know about the Alumni Reunion in April? If not tell them to call here at local 389 and find out more.

And a plea from Student Society to faculty and staff who have "borrowed" couches and chairs over the last year from the College Lounge-- Could you please return them? It seems that the ratio of empty floor to sitting space is taking an alarming trend, and the S.S. would appreciate getting the furniture back. Besides, we're sure you can find something more attractive than tatty yellow for the decor of your office or classroom.

DID YOU KNOW (don't panic, I haven't been into the dictionary again) that 59.23% of Cap students are female? Men, you're outnumbered. (heh, heh, heh, heh.)

British Columbia would like you to feel GUILTY. As you are sitting in the cafeteria feeding your stomach potato chips and doughnuts and chocolate bars, bear in mind that this week is Nutrition Week sponsored by the B.C. Nutrition Council. Reach for the yoghurt and granola and sprouts and such instead - they're much better for you and a lot more entertaining to eat. Not only will your stomach like you better but your dentist will probably be pleased too. Furthermore, if you have questions about nutrition, Thursday is your opportunity to ask them. The nutritionist from the North Shore Health Unit will be giving a talk and answering questions from 1:30 to 2:30 in NC108.

Do you, like a great number of Canadians, enjoy watching figure skating? Well, you have an opportunity to watch young skaters from B.C., Alberta, Saskatchewan, Oregon, and Washington on the ice March 7, 8 and 9 at the North Shore Winter Club. And here are all the good reasons why: good skating to watch, FREE admission, a good cafeteria and even a bar. Are you convinced? It's much better than TV. Anyway, a few points: lunch break is 12:25 to 1:00 and dinner is 5:00 to 5:30 Friday until dinner all the skaters will be under 12 years old. The opening ceremonies are at 5:30, followed by Dance competition and precision skating (I don't know what precision skating is -- Joyce Fancher from Careers advises us that it's new to North America and it's done in teams. Hmmm) At any rate, for International Free Skate viewing, stop by the winter club on the weekend -- you might just spot a 1988 Olympic champion.
